

BAQAA Welfare Organization

(Zindagi)

Change yourself to Change Society

ORGANISATION'S PROFILE

BAQAA Welfare Organization is a non-governmental, non-profit, non-Religious and non-political human development organization has registered under the Societies Registration Act 1860, working in various disciplines related to development and changing of Human Attitudes.

Madam Saira is running it from 2000 and efficiently working it. She organize marriage of poor girls and support from engagement to complete marriage like valima, jahaiz etc.

VISI ON:

We believe that people can contribute a lot to society after changes occur in people's attitudes. So, our vision is to bring changes in society where everyone will develop a habit of helping others so that various groups of society may be benefited from each other.

MISSI ON:

BAQAA is a human development organization working in Education, Health, Mass Awareness, Consumer Rights and Job related Services. Its goals are to improve the quality of human life by working in the said fields, focusing on Attitudinal Change. This shall be achieved through strengthening of stakeholders by giving them quality trainings.

OBJECTIV ES:

We shall be working in the following fields to achieve our goals:

Educati on:

In education we will be emphasizing on training of the school teachers to consider imparting the moral values to their students in addition to the bookish knowledge. This will also add up to quality of education they are usually providing to their students. In this regard we shall be carrying out the following activities:

BAQAA Welfare Organization

(Zindagi)

Change yourself to Change Society

- Training workshops specially designed for school teachers;
- Interactive workshops for College/University teachers and students, to Point out and resolve the shortcomings in teachers' teaching methodology

and students learning methods.

- Focusing on Technical Education;

Health

There are various issues regarding health prevailing due to the ignorance of preventive measures. To overcome this problem we will be conducting the following activities:

- Training on prevention of Malaria;
- Training on prevention of Hepatitis;
- Training of rural women on basic health issues specially during and after pregnancy;
- Vaccination of women and children;
- Maternal care Sanitation and nutrition awareness;
- Creating awareness about psychological issues and cures;
